Gameplay Rules:

Round 1–3: Face-Off Rounds

- Each round begins with one player from each team at the podium.
- The host reads a survey question (e.g., "Name something you do before going to bed").
- First to buzz in gives an answer. If it's the top answer, their team may choose to play or pass.
- If not the top answer, the other team may guess to try and take control.
- The playing team then tries to reveal all the top answers (typically 4–8).
- Each incorrect answer results in a strike. 3 strikes and the opposing team gets a chance to steal by providing one correct remaining answer.
- Points are rewarded based on the total value of answers revealed.
- After 3 questions, the team with the most points **wins the match and advances** to face a new team.

Fast Money Round (Finale):

- The final winning team selects 2 players for Fast Money.
- Player 1 answers 5 questions in 20 seconds.
- Player 2 answers the same 5 questions in 25 seconds (no duplicate answers).
- If their combined score is **200 points or more**, they win the **Fast Money prize!**

Other Rules:

- All decisions by the host are final.
 - No outside help (phones, audience assistance, etc.) is allowed.
 - This is a family-friendly game – appropriate behavior and answers are expected.
- Inappropriate answers/behavior may result in point deduction or disqualification.
